

True interactions for environment only nteractions dense competition + facilitation 2

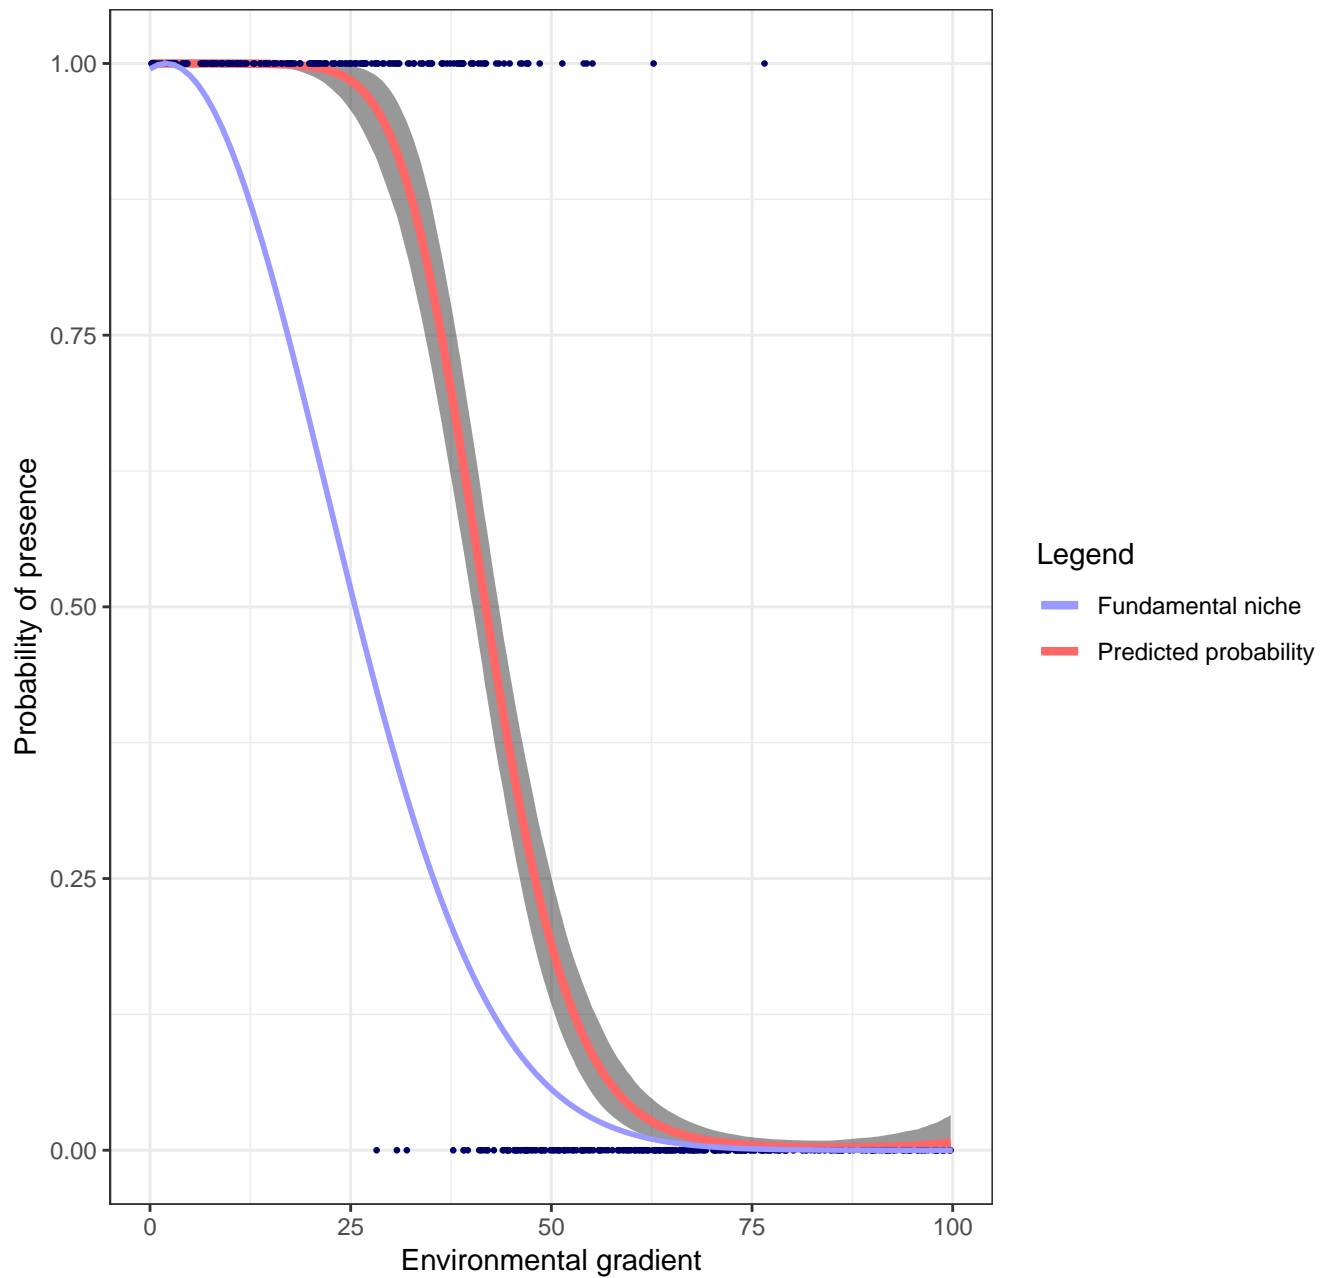

True interactions sparse competition

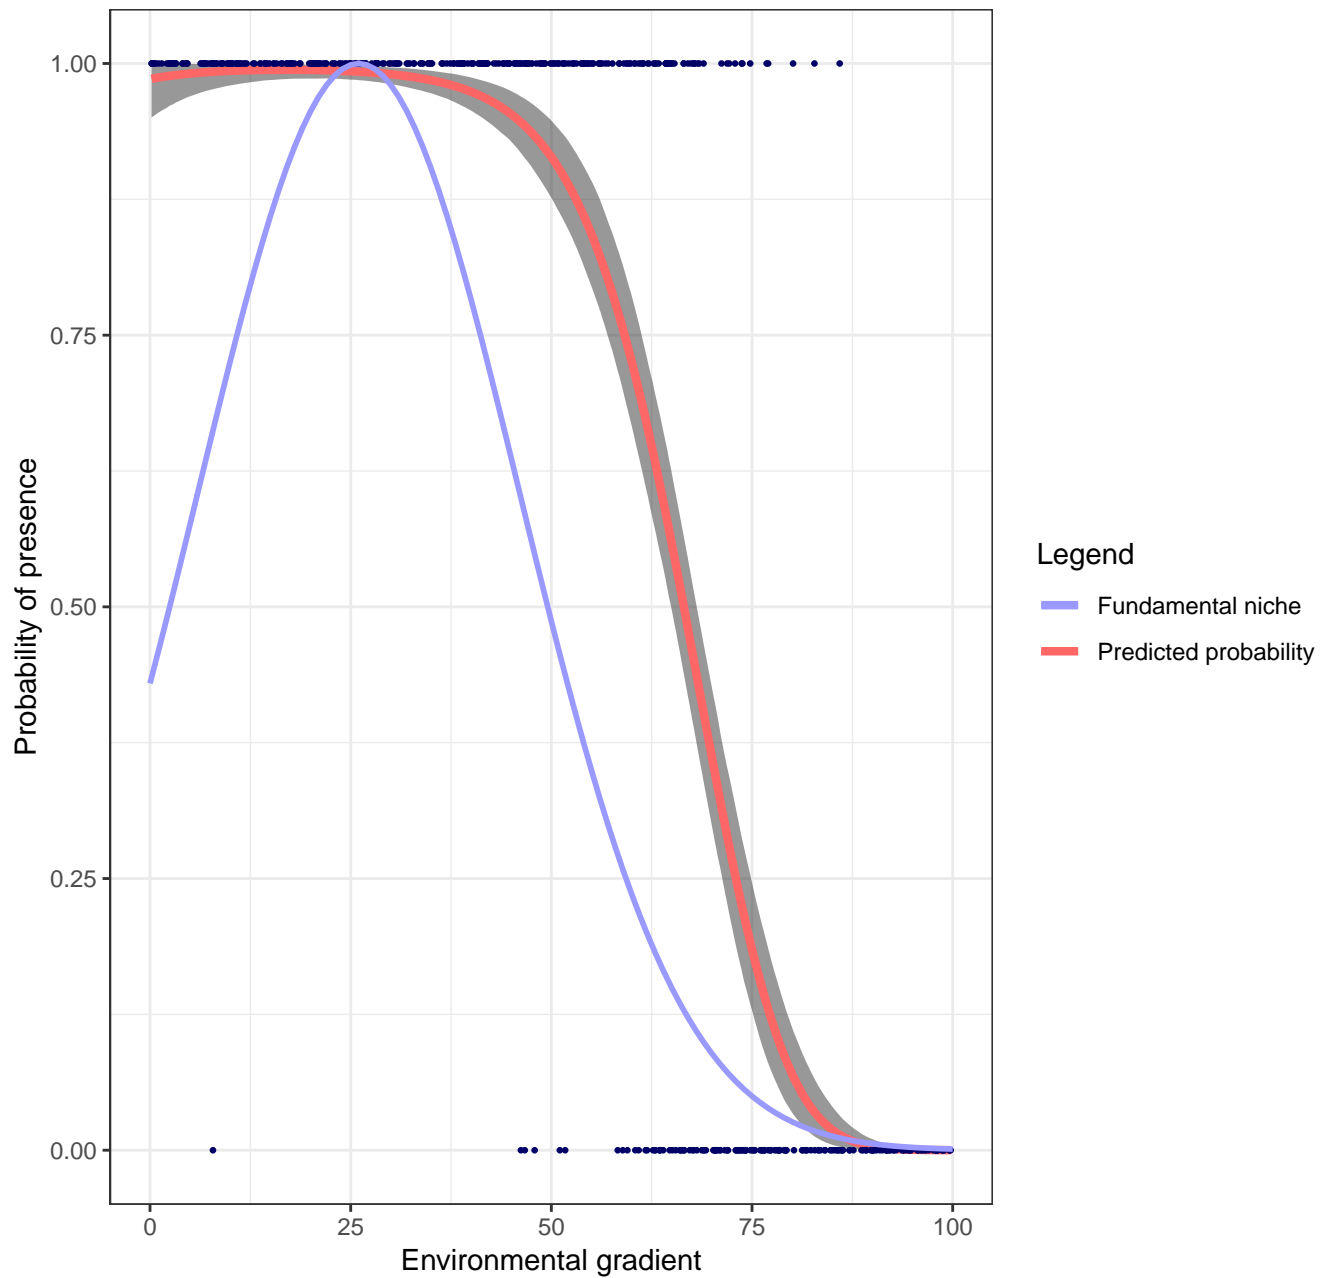

undamental niche and realized points, Species,1 and 2 for environment

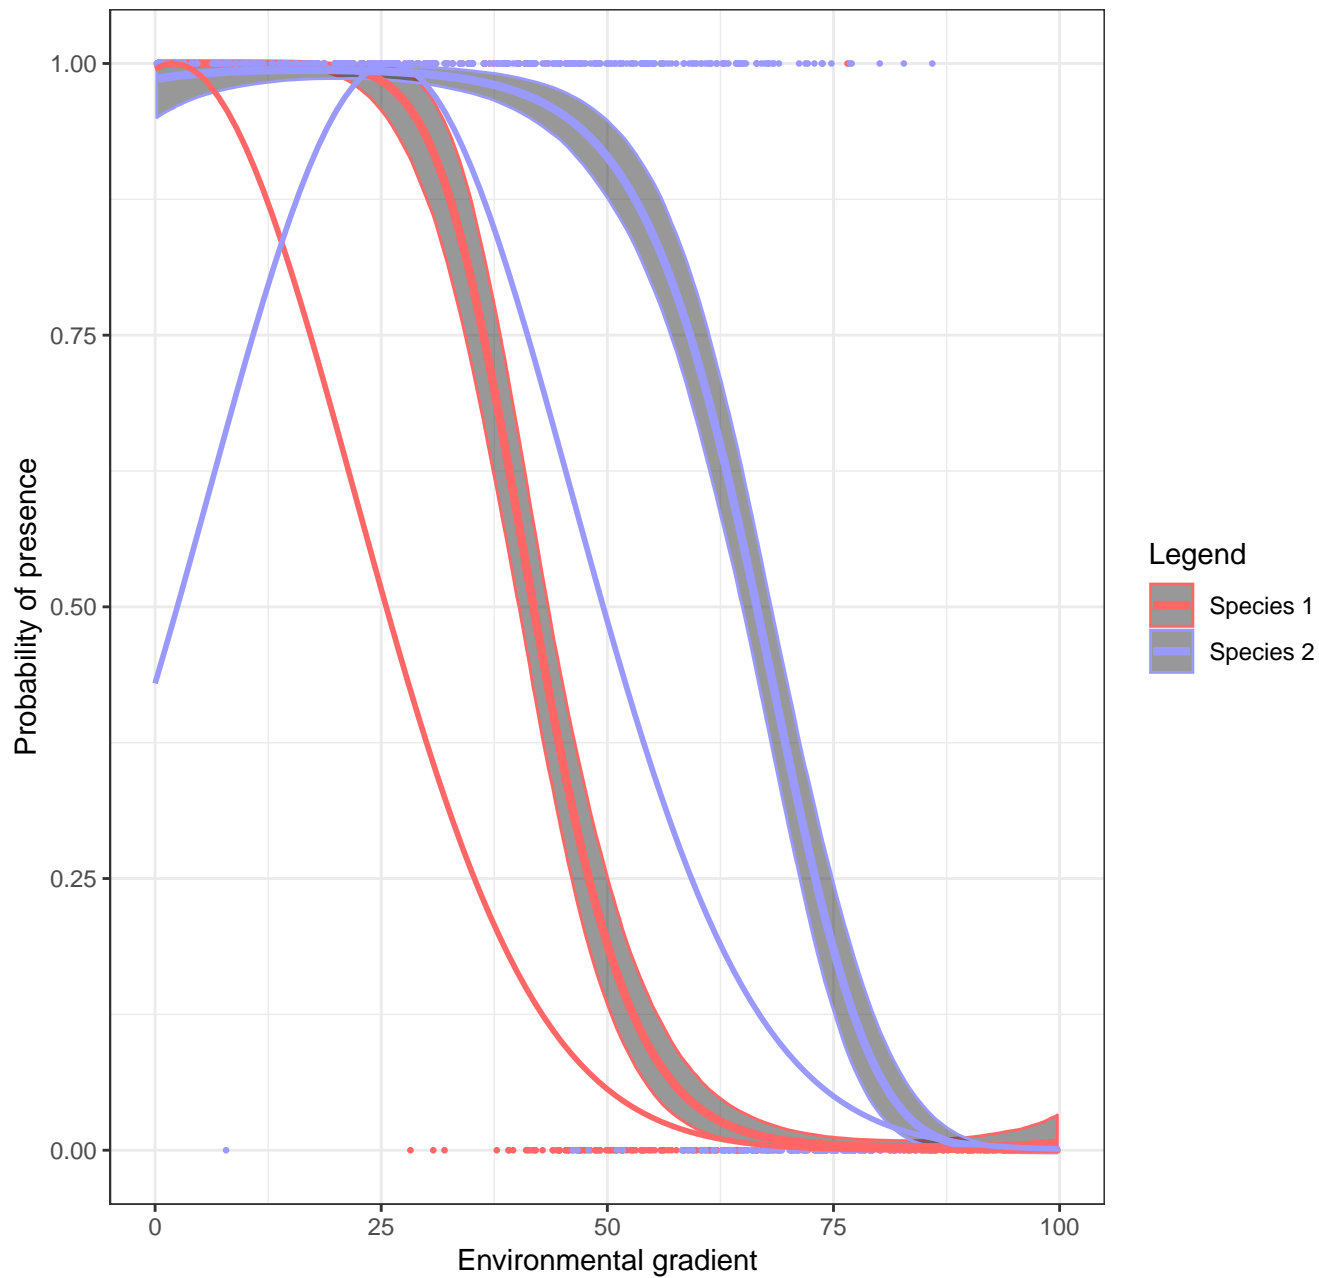

CM, Species 1 for environment

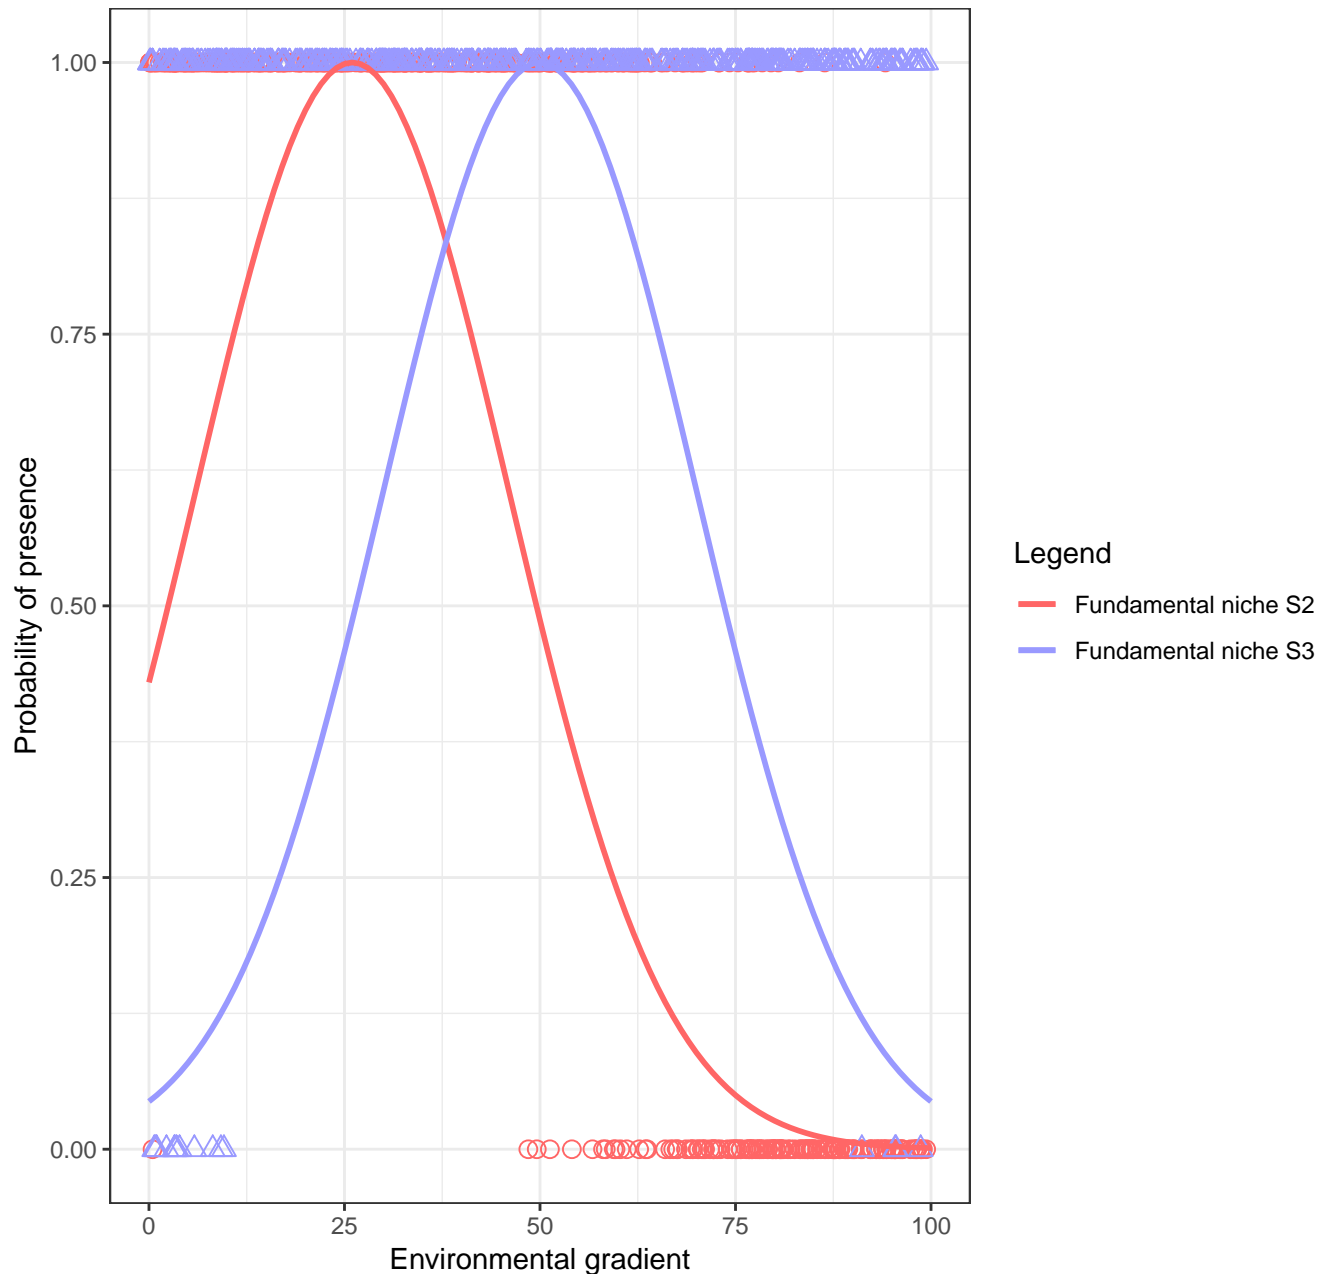

CM, Species 2 for environment

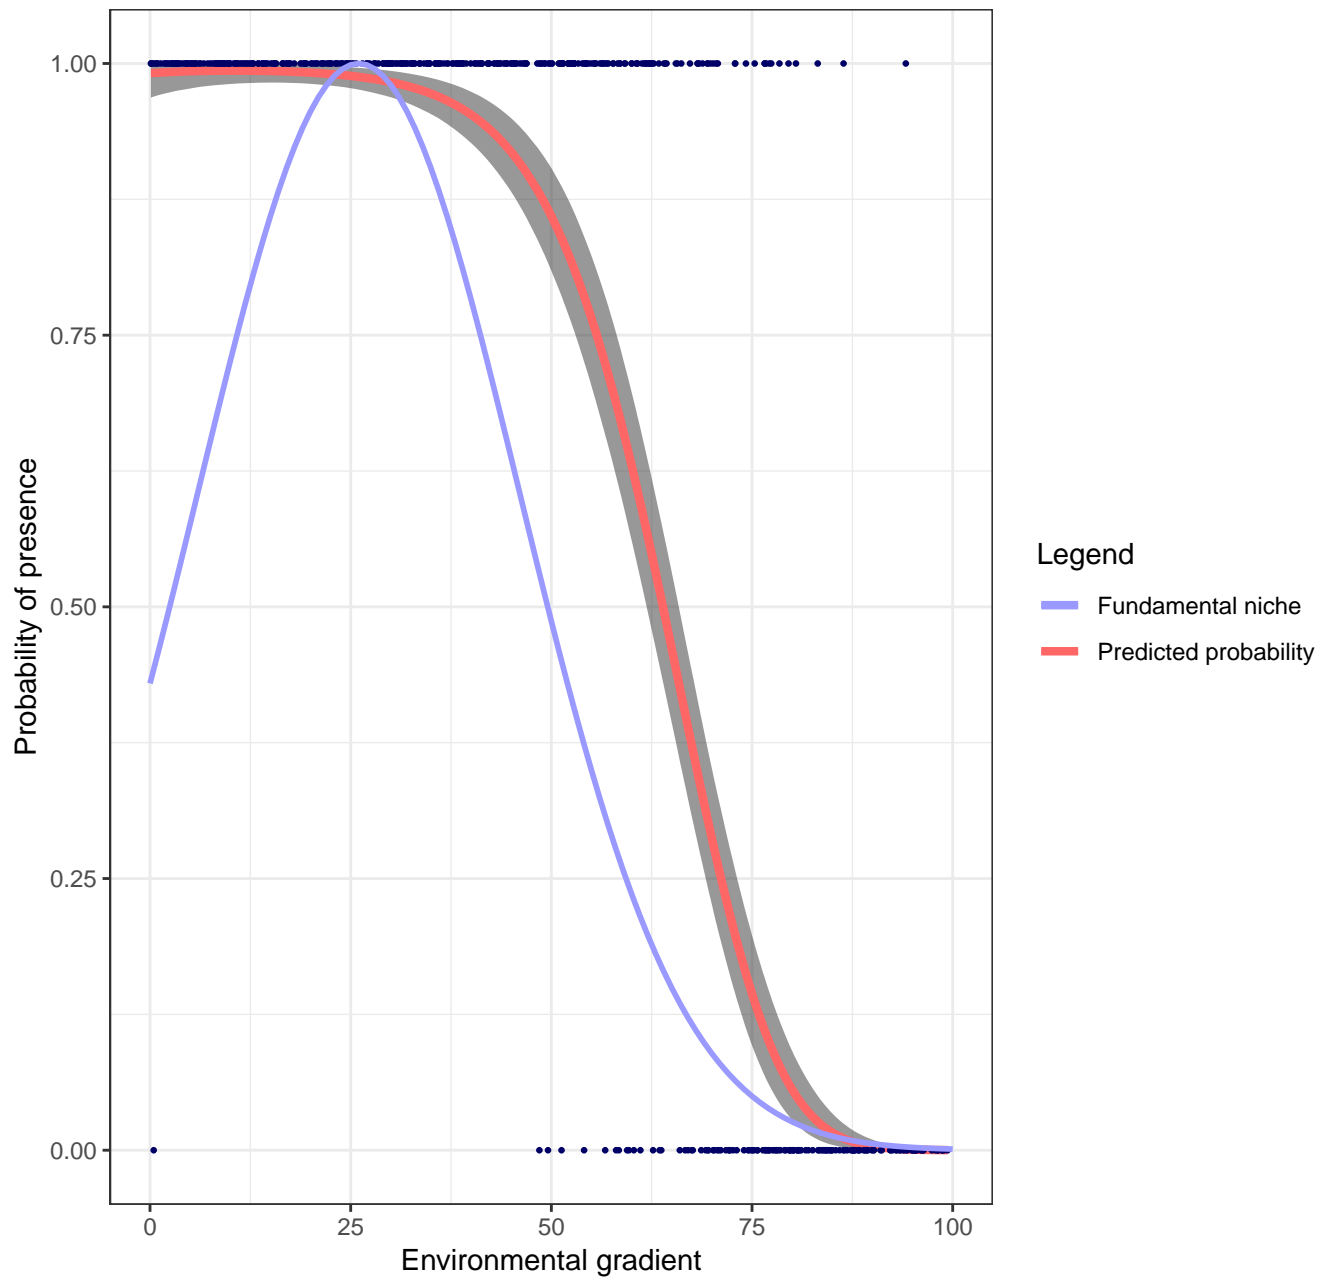

Fundamental niche and realized points for Species 1 and 2 for environment

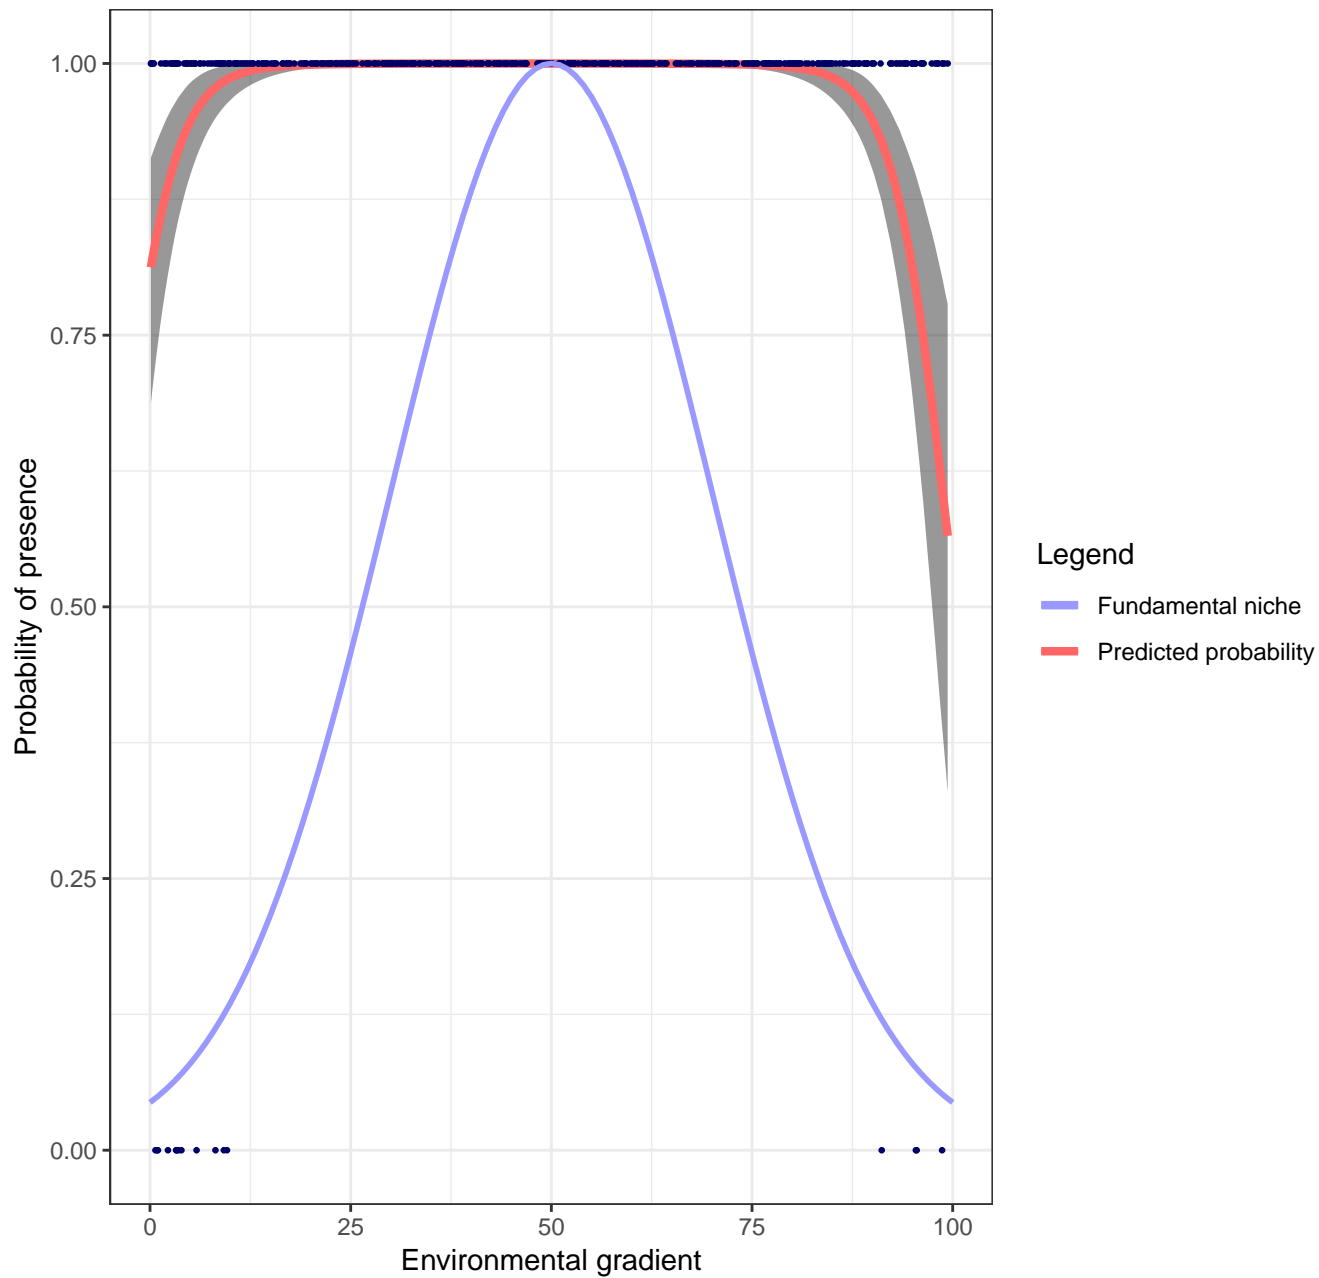

Fundamental niche and realized points, Species,2 and 3 for facilitation

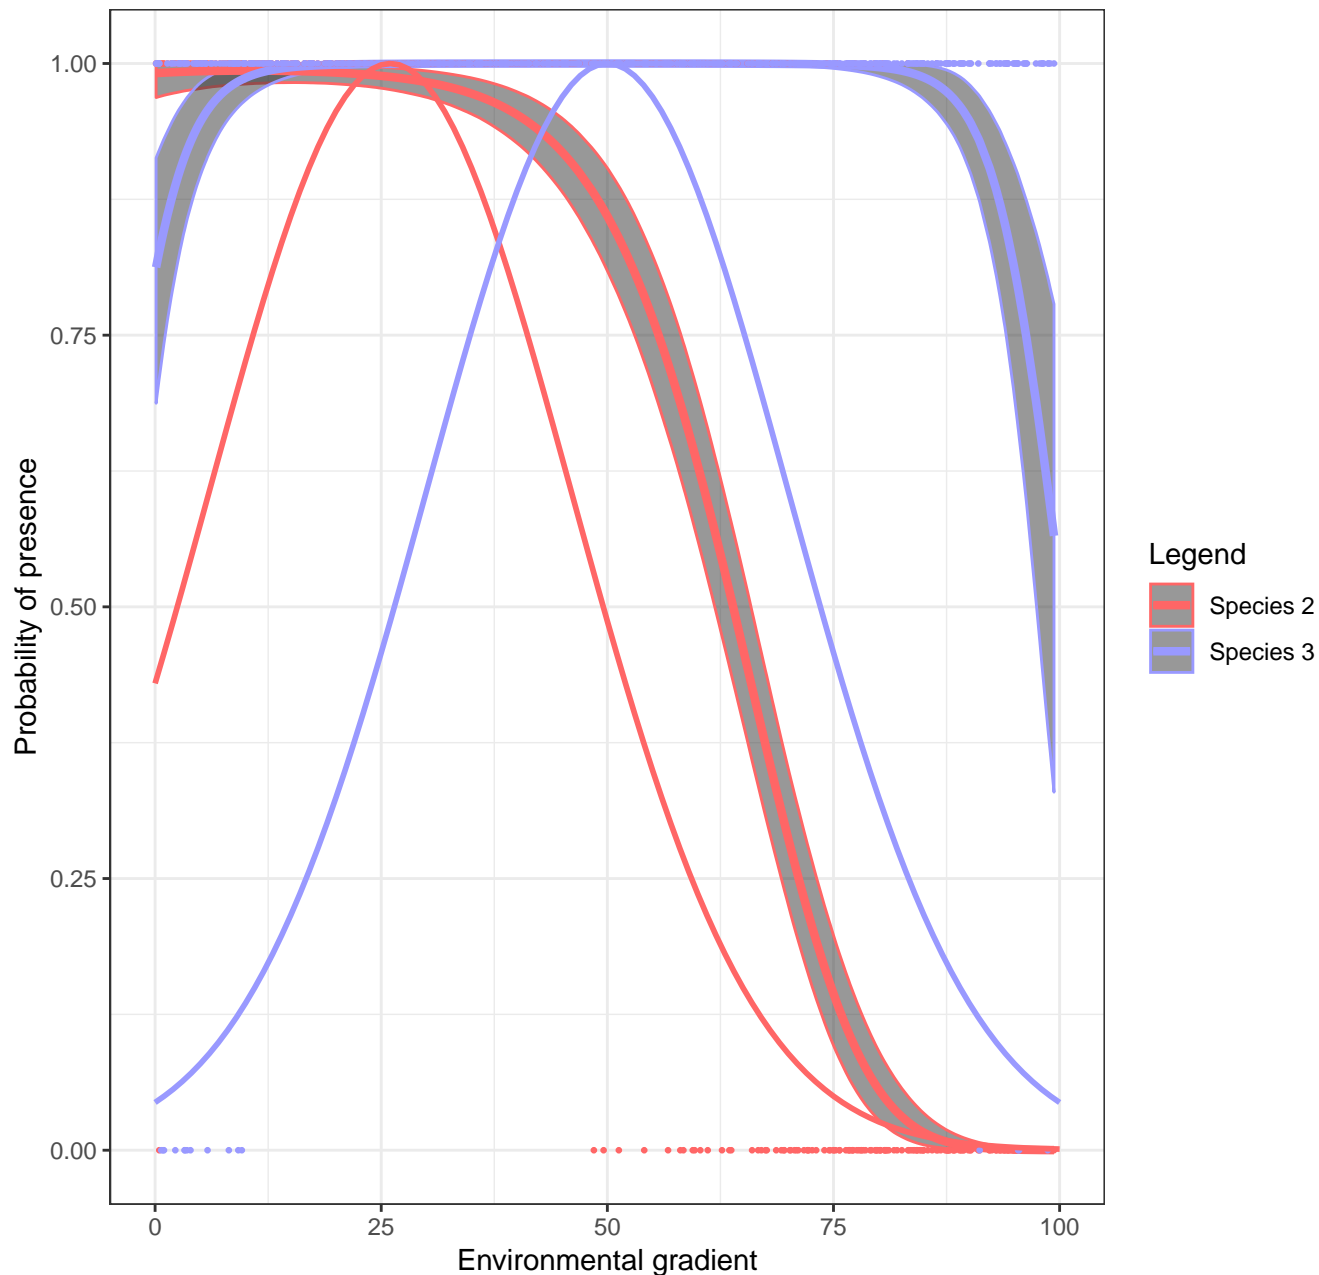

CM, Species 2 for facilitation

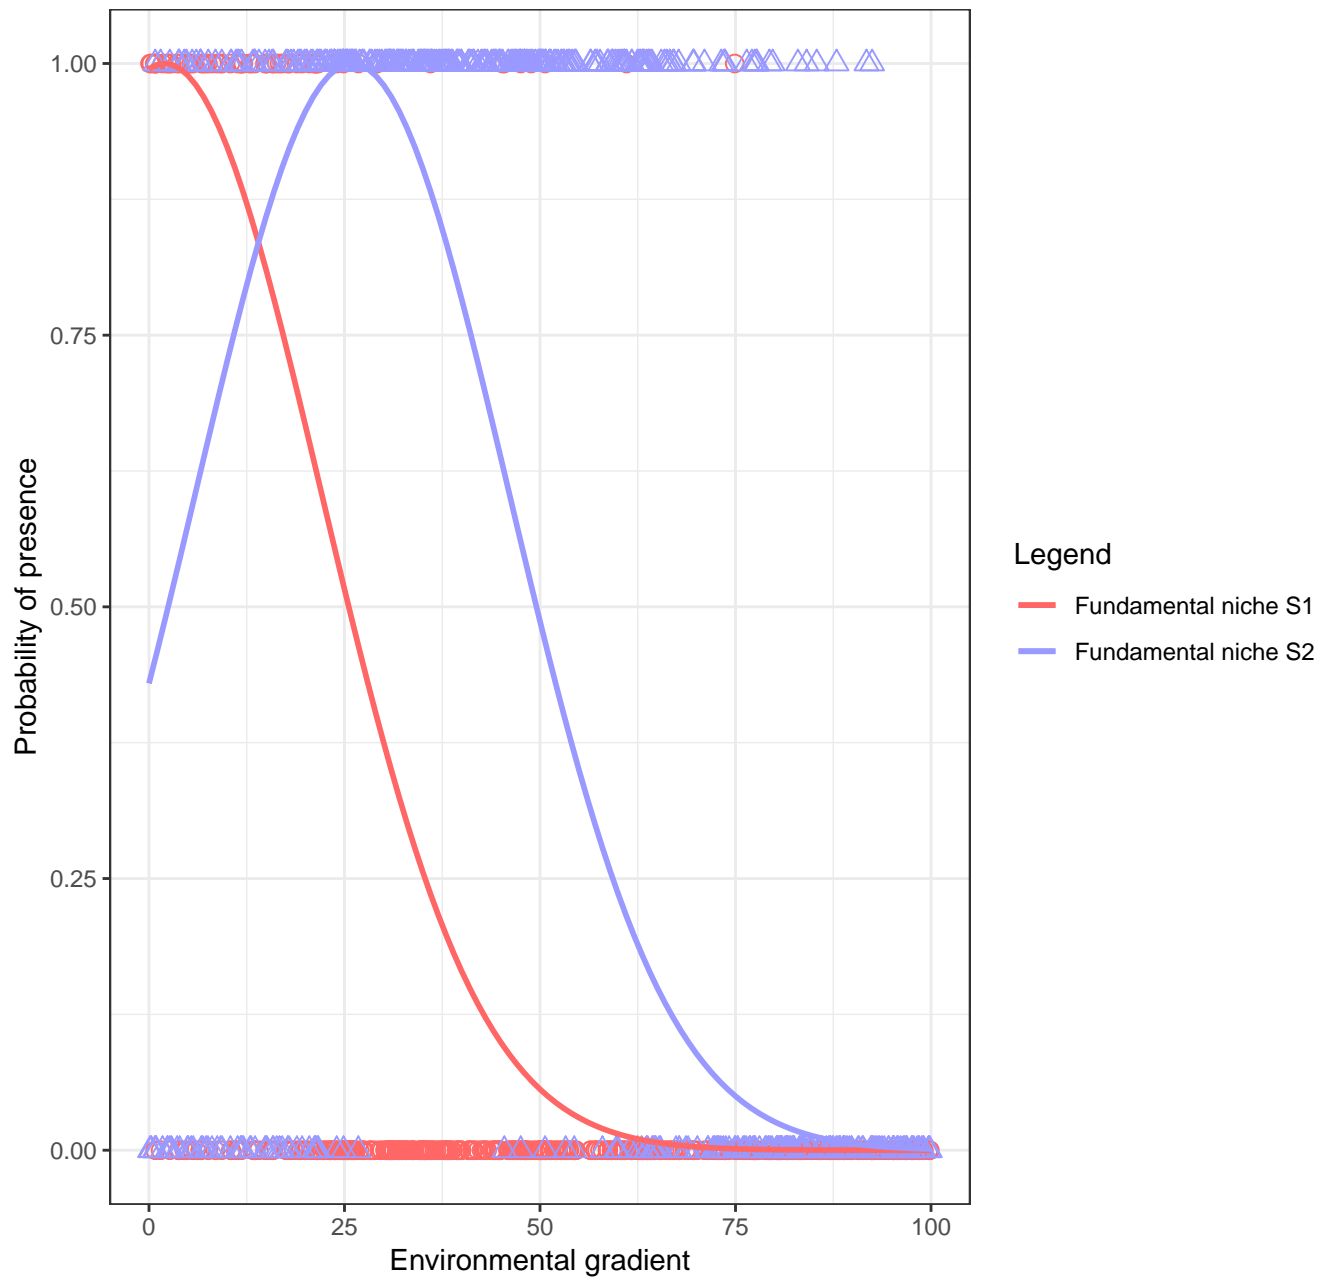

CM, Species 3 for facilitation

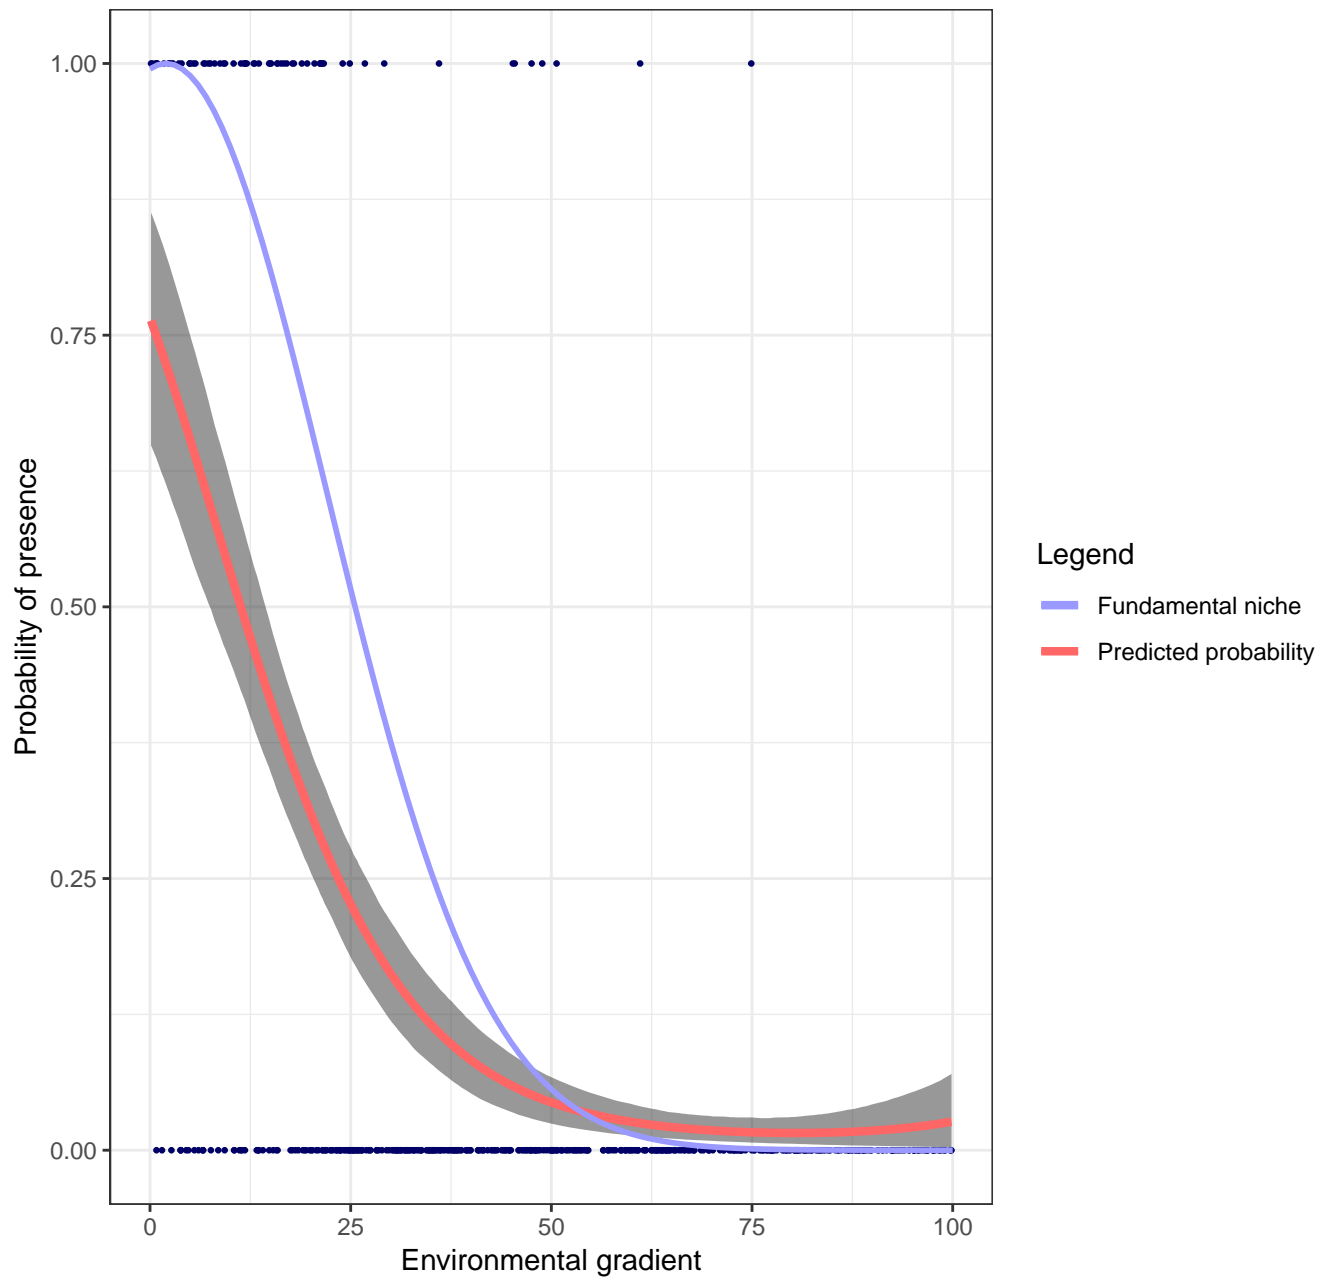

Fundamental niche and realized points for Species 2 and 3 for facilitation

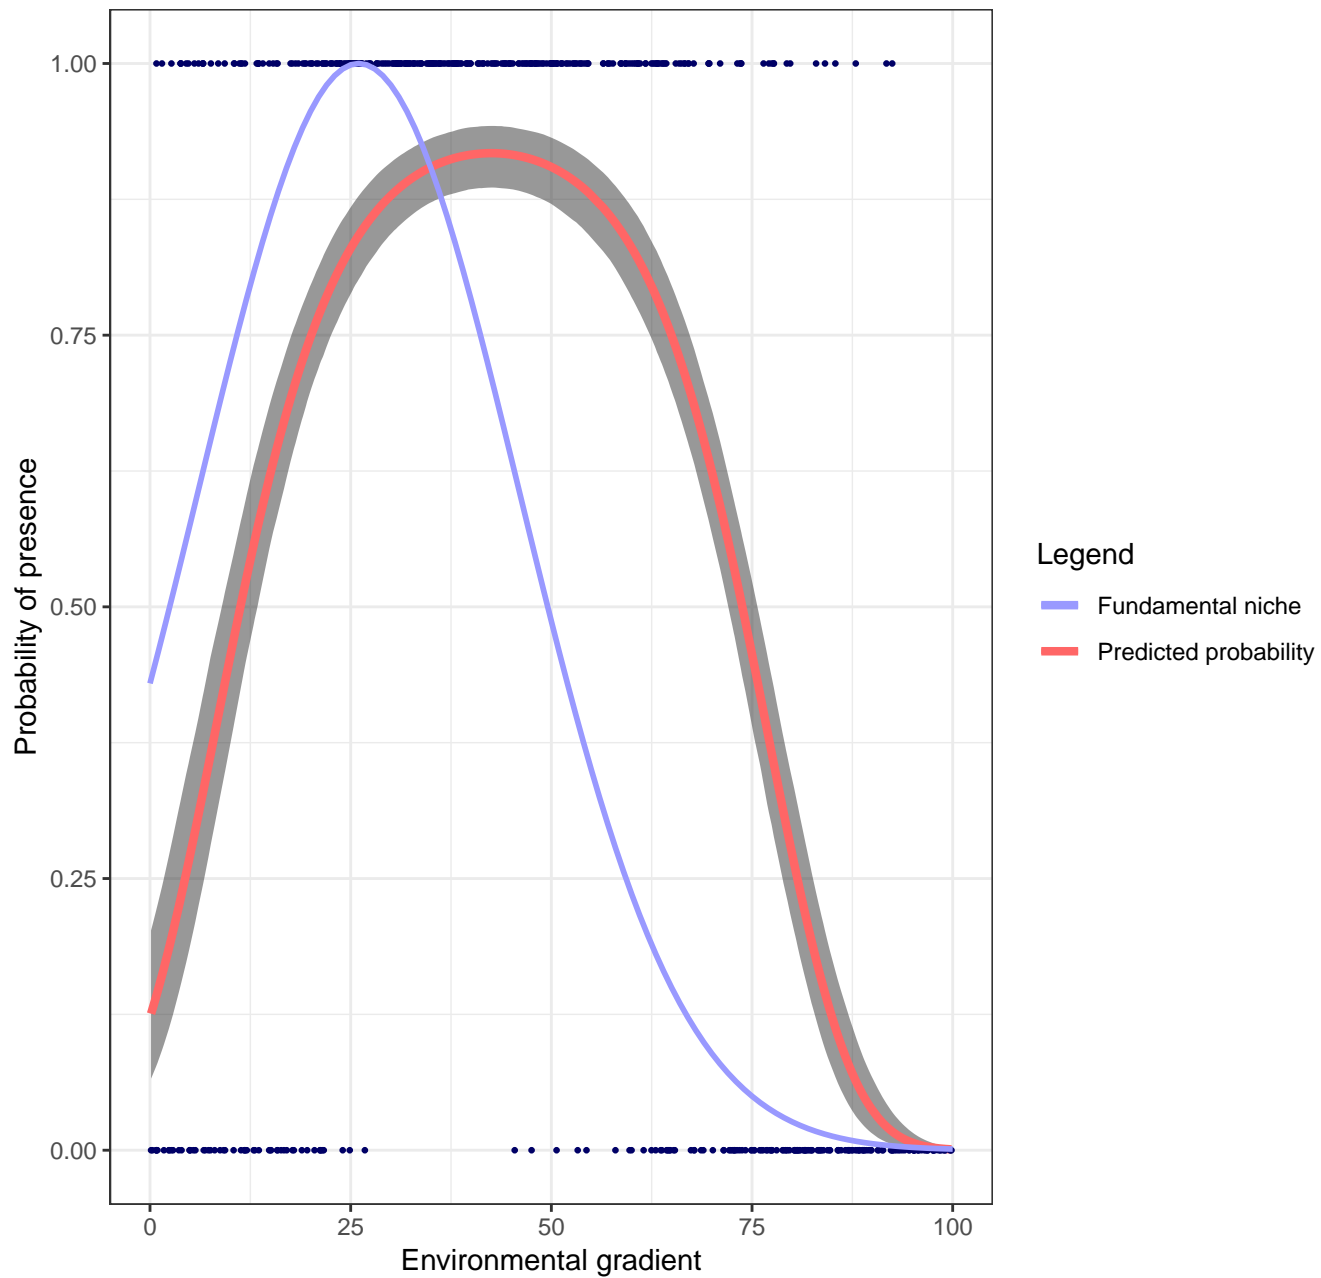

Fundamental niche and realized points, Species,1 and 2 for competition

CM, Species 1 for competition

CM, Species 2 for competition

Fundamental niche and realized points for Species 1 and 2 for competition
